MANY SOLDIERS EXPECTED TONIGHT

Forty Old A. L. I., Boys Scheduled For Home

BIG OVATION PLANNED

Bells and Whistles Will Let Loose Half an Hour Before Train Arrives In This City.

About forty members of the old Alexandria Light Infantry formerly Company G, this city, who have served overseas, are expected to arrive here tonight according to information received this afternoon by the Welcome Home Committee appointed by the Chamber of Commerce.

The Southern Railway Company has been asked to help give the boys a welcome on their return by letting the whistles loose and the fire engine and city hall bells also will let loose to greet the home coming heroes.

It is proposed to have the whistles blown half an hour before the time set for the arrival of the men in order that the citizens may know when to expect them, and also be able to get to the railway station in time to see them detrain from the last lap of their journey from overseas.

The boys will be given a big ovation at the railway station, and it is expected that there will be hundreds of mothers, fathers, sisters, wives and sweethearts to welcome the returning soldiers.

TRIAL OF HENRY STEVENS

Charged With Assault And Robbery on the Night of the 24th Ultimo

The Corporation Court today was engaged in the trial of Henry Stevens, colored, charged with assaulting and robing a white man named Drowns on the night of April 24, 1919. Another man named Boyd is charged with being an accomplice. The prosecution is being conducted by Howard W. Smith, Commonwealth's Attorney, and Edmund Burke is attorney for the defendant.

This is one of several cases of highway robbery which has been sent on to the Corporation Court during the past few weeks. Drowns had been working for Moses Stevens, father of the accused, and it is alleged that the latter had on the day preceding the night of the robbery paid Drowns a sum of money due him for services, and that Henry Stevens was cognizant of the fact, and that the accused and Boyd waylaid Drowns that night, and after robbing him attempted to stifle him by filling his mouth with earth and otherwise maltreating him.

The complainant identified his assailants. The accused endeavored to establish an alibi while before the Police Court. Stevens' father and wife alleged that he was in the house at the time the robbery took place. The accused still insists he was in the house that night and during most of the day.

"SAL" DRIVE WILL BE CONTINUED

Thus Far $2,500 Collected For Home Service Fund

RESPONSE VERY SLOW

Committee In Charge Will Probably End Drive Wednesday—Total May Reach $3,000

The Salvation Army drive here, it is expected, will be continued over for two or three more days. Up to noon today approximately $2,500 had been collected for the Home Service Fund according to S. W. Pitts, local chairman of the drive committee. The response on the part of citizens has not been as generous as expected and there are many who have not given anything thus far. In order to reach such persons it is proposed to continue the drive over.

So great is the Home service of the Salvation Army that the cities of Norfolk, Danville, Roanoke, each give $500 a year from their City Corps. The city of Petersburg gives $360 and the city of Lynchburg $1,000 a year from its City Council to the Salvation Army Work right there, and no man dares question why this is given. They do it because every dollar given to the Salvation Army saves them from $5 to $10 in poor houses and jails. Therefore, economically and financially, the State is deriving a great benefit. John D. Rockfeller and John Wanamaker have for years been contributors to the Salvation Army's Their Charity heads have investigated it and their statement is that 99 cents out of every dollar given to the Salvation Army goes for the uplift of humanity; only one per cent for overhead charges. Now, if our business men could reduce their expenses to 10 per cent, or even 25 per cent, "overhead" they would all be millionaires. If a man in the Salvation Army should ask for an increase of salary he gets bounced. He does not belong to the Salvation Army. The maximum pay in your largest cities is $8 to $10 a week; Some get only $4. They get for a week what you and I would hardly look at for a day. The common soldiers serve without one cent compensation. They hire themselves out as domestics during the day, and at night, when you and I are asleep, they do the work of the slum and the gutter. Is it any wonder that Dr. Stuart McGuire tells of them as a most self sacrificing army. He will do anything for them. He has told the story.

Such was the Salvation Army activity over there. When a line was planted they went right into the front line trenches; they went into the doughouts and there brewed the coffee and baked their doughnuts for the boys. The slogan we thought of for Virginia was "Ask the Soldier." If you mention Salvation Army you don't have to talk very much before the soldier will begin to tell you. One of the boys told of the battle of the Somme. When they went over the top at the Somme. Salvation Army Men and women insisved on following them, and the Commander ordered them back, saying "You cannot live in this Hell", and one little girl answered "If we cannot live with you, we can die with you." And they went on. After the skirmishing was over the boys chipped in and gave their commander 1,600 francs for the Salvation Army Corps to buy some clothes with. The Captain of the Salvation Army said "We will take the money, but we will use it to buy more flour to make doughnuts for you boys." The Salvation Army people are not going to tell their deeds but the soldiers, the sailors, the aeronaughts are going to tell it.

ELECTION FOR CONGRESSMAN

Little Interest Apparent in Tomorrow's Election

TWO CANDIDATES

Expected That R. Walton Moore, Democratic Nominee Will Prove Easy Winner.

An election will be held tomorrow for the purpose of selecting a candidate for Congress to represent the Eighth Congressional district to fill the vacancy caused by the resignation of Representative Charles C Carlin. The polls will open at sunrise and close at sunset. As heretofore stated in the Gazette there are only about 1,200 qualified voters in the city and the indications are that a light vote will be polled. There is little or no interest apparent in the election. Efforts, however, will be made by the city democratic committee to get out a good sized vote tomorrow.

The candidates are R. Walton Moore, democratic nominee, and F. M. Brooks, republican nominee.

The city democratic committee has completed plans for the special election.

The voting places and judges of election in the four different wards will be as follows: First, rear of Elks building, Charles Sherwood, D. E. Robey, Frank Monroe and C. D. Hall.

Second, 110 North Ryoal street—C. M. Schwab, L. Harrison Kell, M. E. Greene, Fred Schneider, George A. Harlow.

Third, Odd Fellows' Hall, George W. Bontz, Sr., O. H. Daniels, Joseph Ewald.

Fourth, Friendship engine house, South Alfred street—C. M. Lennon, Carlin E. Creighton, Charles Downey, Charles C. Ross and Leonard Chesser.

WHITE WAY PLANS BEING COMPLETED

Proposed to Have Eight Squares on King Street Illuminated

MEETING HELD FRIDAY

Representatives of Public Utilities Discuss Pole and Wire Situation in Connection With Plans.

The Committee on the White Way for King street met the representatives of the different public utilities companies at the Chamber of Commerce Friday afternoon and discussed the necessary changes and improvements which would be essential to the installation of the white way system.

The C. and P. Telephone Company was represented by G. H. Warren, right of way superintendent ,of Baltimore; the Western Union Telephone Company by P. E. Ramsey, District Plant Superintnedent, of Richmond, Va.; Washington-Virginia Railway by C. A. S. Sinclair; General engineer, and the Alexandria County Lighting Company by W. F. Nicklin, general manager.

The public through their representatives expressed their willingness to co-operate with the citizens in this improvement and from tentative plans formed yesterday afternoon the Western Union Telephone Company will put all their wires in a cable and do away with the wires carried on cross arms. The C. and P. Telephone Company and the Western Union Telephone Company will occupy the North side of King

CONFIRMATIONS

Episcopal Seminary And its Missions Yesterday

Bishop Brown, of the Episcopal diocese of Virginia, preached and held a confirmation at the chapel of the Seminary near this city, at 11 o'clock yesterday (Sunday) morning. Thirty persons were confirmed. Of this number there were twenty-nine boys of the Episcopal High School, the largest class presented at one time for years. They were presented by the Rev. Paca Kennedy, D. D., Chaplain of the High School.

In the afternoon Bishop Brown visited St. Paul's Chapel, Lincolnia, and confirmed four persons, and at night visited St. Paul's Chapel, Bailey's Cross Roads, and confirmed nine persons. Before the confirmation at St. Paul's, Lincolnia, one adult was baptised by the Rev. Dr. S. A. Wallis, and at St. Paul's, Bailey's Cross Roads, two adults and two infants were baptised by him. The adults were among those confiremd by Bishop Brown. There were large congregations at all the services.

The Bishops sermons at the three services were fine and listened to with much interest by the congregations in attendance.

Bishop Brown will visit Sharon Chapel tonight at eight o'clock and confirm four persons.

VESTRYMEN MUST BE COMMUNICANTS

Decision Reached by Episcopal Council of Virginia

WILL MEET IN VALLEY

Cables Wilson on esolutions Supporting League of Nations and Advocating Peace of Jerusalem.

On Thursday morning the alternate lay delegates for the General Convention of the Protestant Episcopal Church to be held in Detroit, Mich., next fall were elected as follows: Robt. Beverley, John B. Minor, L. C. Williams, and Judge K. M. Norton, of this city. The committee on canons next made its report, the first part recommending that the annual council hereafter meet on the third Tuesday in May instead of the third Wednesday, and close on Thursday in that week instead of Friday as at present. As this is a constitutional change it cannot be acted upon until the next annual meeting of the council. A change proposed in the canons which cancel much discussion, was that hereafter no person can be elected to serve on parish vestries, unless he is a communicant in good standing of the Protestant Episcopal Church in this diocese. Hereafter all that was required was that a person be baptised, and sometimes in country districts a member of another church who regularly attended the Episcopal Church would be elected if the number of Episcopalians attending the church were few in numbers. After discussing this subject from every point of view it was decided that all persons not communicants now holding office as vestrymen, could be re-elected, but that any elected hereafter are required to be communicants. This was a fair adjustment of the matter. The hour for recess now arrived and the council took a recess until three o'clock, when it resumed its business with Bishop Brown in the chair. A forceaddress was given by the Rev. Dr. F. M. Kirkus, of Trinity Church, Wilmington, Del., on the support of candidates for the ministry. After this the counil passed two important resolutions, the first unanimously supporting the league of nations and the next advocating the Peace of Jerusalem, which had its reception in this country at the suggestion of the Rev. Dr. E. L. Woodward, rector of Grace Church, The Plains, Fauquier. Through his earnest support, the Peace of Jerusalem has won a strong following. It signifies that the proclamation of the present peace which will be shortly accom-

TENANCY CASE DECISION GIVEN

Opinion Handed Down by Judge Barley in Corporation Court

QUOTES LAW IN CASE

Monthly Tenant More Than a Year Does not Become Yearly Tenant by Possession Says Court.

In the Corporation Court of the city of Alexandria, Virginia in the case of Cockey vs. Tancil, Judge L. C. Barley has handed down the following opinion which is of interest to both clients and landlords:

In as much as there seems to be considerable uncertainty in the minds of the people, as to what constitutes a yearly and what a monthly tenancy, I think it best in the case I have before me to go beyond the legitimate scope of this case, and quote the law governing all other questions, which are apt to arise in our city at this time.

"Every general letting, if the lessor accepts yearly rent, or rent measured by any aliquot part of a year, if not expressed to be an estate at will, is an estate from year to year. Hence, where a tenant for years holds over, the lessor receives rent from him, he becomes thereby a tenant from year to year." (2nd Minors Inst. 3rd. Ed. p. 197). And this is true even though the rental is distinctly a rental from month to month or quarter to quarter, for all rentals from month to month and quarter to quarter are included in and are a part of estates from year to year.

"Tenancies from year to year do not, like estates at will, determine by the death of either party, or of both and when such a tenancy has commenced it continues against any assignee of the reversion." (2nd Minor's Inst. 3rd. Ed. p. 197).

"An estate for years is one that is created by a contract or by estoppel, whereby the tenant is given the possession of lands or tenements and enters upon the same for a period of time fixed or agreed upon by the parties." (Minor on Real Property, Sec. 358).

"In consequence of the many hardship resulting from the uncertain tenure of estates at will, and the too often arbitrary and sudden determination of them by lessors, it became at an early day a rule of law that, where rent was reserved and paid by the lessee, the lessor could not terminate the tenancy without giving due notice of his intention to do so. Tenancies at will, where no rent was reserved, could be terminated immediately upon notice. And it was obviously equitable that, in the institution of such a rule, notice to the lessor should be required in case the tenant should wish to determine the estate. n this way, by a course of judicial legislation, arose a class of estates which are for an uncertain period, but which differ from the common law estates at will, in that they are tenancies for an uncertin number of fixed periods of time, their duration being regulated by the manner of paying the rent, i. e., by the month, quarter or year, and which continues to exist as long as the required notice to quit is not given by either of the parties. These estates are called tenandies from year to year. The term "year" in the tenancy from year to year is here used as a unit of time, and under the term tenancy from year to year are included tenancies from month to month quarter to quarter, and the like, in the same manner as an estate for years includes an estate for one month." (Tiedeman on Real Property, sec. 214).

It will be noticed that the duration of these fixed periods of time of rental, whether by the month, quarter or year, may be inferred and regulated, as stated by Mr. Tiedeman, by the manner of paying the rent, i. e., by the month, quarter or year, and the number of these fixed periods, whether one month, one quarter, one year, or whether many months, many quarters, many years, may be uncertain,

SHIP LAUNCHING A BIG SUCCESS

Officials of Virginia Shipbuilding Corporation Complimented

SHIP SOON COMPLETE

Ten Thousand Persons See Big Freighter Glide Into Potomac—Trial of Gunston Hall Tomorrow.

Officials of the Virginia Shipbuilding Corporation were the recipients of numerous congratulations on the success of the launching of the Betsy Bell Saturday afternoon. The launching was a big success in every particular. The big 9,400 ton steel freighter glided into the placid waters of the Potomac with all of the ease and grace of a swan, there being absolutely no hitch whatsoever.

As the giant freighter left the ways of the shipyard galy bedecked in her set of colors there was a loud hurrah from the 10,000 persons assembled in the yards of the company. The siren whistle of that yards let loose and the band from Washington Barracks played patriotic airs.

The boat went out as far as the channel bank and soon thereafter was towed into the docks by the two giant tugs, which stood ready for that purpose. Today mechanics are busily engaged in the task of putting on the finishing touches on the Betsy Bell.

When this work is completed it will mark the second big freighter to be turned out from this company's plant.

As heretofore stated in the Gazette the boat was christened by Mrs. Livingstone, wife of Colin H. Livinstone president of the Virginia Shipbuilding Corporation.

Mrs. Livingstone stood in the christening box and at a given signal smashed a bottle of sparkling wine

EXERCISES ARE HELD INDOORS

Rain Causes Confederate Veterans to Abandon Street Services

Y. P. BUILDING USED

In Drenching Downpour of Rain Veterans March to Christ Church Cemetery.

Confederate Memorial day exercises Saturday evening were held in the Young People's Building instead of at the Confederate Monument at Washington and Prince streets as originally planned owing to the rain

The orator of the occasion was glowing tribute to Gen. Robert E. Lee and also lauded the valor of the Lee and also lauded the volor of the Confederate soldier. The speaker was introduced by Commander John R. Zimmerman.

Despite weather conditions a capacity crowd attended the exercises and the program planned to be held at the monument was carried out in detail. Inovcation was delivered by Rev. Dr. E. V. Regester, pastor of the M. E. Church South. A choir under the direction of Miss Blanche Rotchford sang a number of patriotic airs.

At the conclusions of the exercises in the hall the veterans headed by a a squad from Camp Humphreys went to Christ Church cemetery in a heavy down pour of rain and the military guard nred a salute which with the sounding of taps brought the exercises to a close. The music was furnished by the American Indian Guard Band.

The monument was prettily decorated for the affair and regret was expressed on all sides that the exercises at the monument had to be abandoned owing to the rain. However, as stated above a large crowd attended the exercises at the hall.

ACCIDENT ON THE BAY

The burning of the Old Bay Line steamer Virginia off Smith's Point aobut one o'clock Saturday morning was one of the few disasters on the Chesapeake for many years. The burning of the steamer occurred at an opportune time. The steamer Northland, of the Norfolk and Washington Steamoat Company had passed Smith's Point about two hours before the accident, but the Southland, on her way to Norfolk, was nearby, as was also the north bound steamer of the Bay Line; hence, but few, if any, persons lost their lives.

The Old Bay Line operating steamers between Baltimore and Norfolk has been in existence for many years. Careful and experienced navigators are in charge of the boats, and but seldom are accidents reported. It is suspected that a negro hand on the Virginia started the fire, and that the accident was in no way attributable to carelessness on the part of the officers in charge of the steamer.

The burning of the Virginia brings to mind other disasters on the bay and Potomac river. The steamer Wawaset was burned to the water's edge near Maryland Point August 8, 1873. The steamer had left Alexandria that morning for the lower river landings. About one hundred persons, some Alexandrians, perished at that time.

In October, 1878, the steamer Express ,on her way from Baltimore to this port, was lost in a storm off Point Lookout. Sixteen or seventeen persons lost their lives on that occasion.

Comparatively few accidents have ocurred to steamers plying on the Potomac river and Chesapeake Bay. Every precaution is taken to avert accidents, and many years may elapse before we shall be called upon to chronlicle another mishap.

moned and he gave a certificate of death from drowning. The body was brought here and taken to Demaine's chapel and buried yesterday.

Don't forget to go to the polls tomorrow and support Hon. R. Walton Moore, democratic nominee for Congress from this district.

Mrs. Columbus Shriver was the week end guest of her sister and brother-inlaw, Dr. and Mrs. T. Marshall Jones.

Mrs. W. R. Nolan, 1212 Prince street, has received word of the safe arrival from overseas of her son, William Nolan, who is now at Newport News, Va.

Capt. Chas F. Baish, teacher of mathematics at U. S. Military Academy at West Point, N. Y., spent Sunday with his father, Mr. C. E. Baish, at 511 Oronoco street.

A meeting of the board of aldermen scheduled to be held tonight will not be held until tomorrow at which time the common council will also meet.

The Allison W. C. T. U. will hold their regular meeting with the President, Miss Slayton, at 221 Wolfe street tonight at 7:45. The members will please take notice of the meeting.

Mr. and Mrs. Robert Beverley, of Blandfield, Va., and Carler Beverley, of Richmond, Va., and Harrison Wellford, of Sabine Hall, Va., spent the week end with Mr. and Mrs. R. B. Beverley.

The last regular meeting of the Parent Teachers Association will be held at Lee School Tuesday afternoon at 3:30. Election of officers will take place and all patrons of the school are urged to attend.

Announcement has just been made of the marriage of Miss Pearl Ticer and Mr. Richard L. Finks, both of this city, which took place in Baltimore August 21, 1918. The ceremony was performed by Rev. Albert E. Smith.

A large number of persons yesterday afternoon attended the Madonna Day exercises held at St. Mary's Academy. A special musical program was given by the pupils at the conclusion of which there was an address delivered by Rev. F. Lyons, C. S. P.

There will be a joint meeting of the Mary Custis Lee and 17th Virginia Regiment Chapters, United Daughters of the Confederacy, tomorrow night at 8 o'clock at Lee Camp Hall. A full attendance is requested as matters of great importance will be considered.

Miss Gladys Ramey left Saturday evening for a three weeks' trip through upper New York. She was accompanied as far as New York City by Miss Elizabeth Ramey who spent Sunday with her cousin Lieut. Robert Hancock, 22nd U. S. Infantry, now stationed at Fort Jay, N. Y.

Mrs. Margaret A. Clarkson wife of Edward Clarkson, who lived at 110 North Fairfax street, died Saturday night at Providence Hospital, Washington, at the age of seventy-two. Her funeral will take place at 11 o'clock Wednesday morning from Wheatley's mortuary chapel and services will be conducted by Rev. A. E. Speilman, pastor of Trinity M. E. Church, and burial will be in Bethel cemetery.

The Friends' School Glee Club of Washington, as will be seen by a notice elsewhere, will be given Thursday in the Young People's building for the benefit of the Alexandria Free Kindergarten. Its is hoped by the management that a crowded house will greet these players. Tickets may be secured at the drug store of Edgar Warfield, jr., King and Pitt streets.

All former members of the old Alexandria Light Infantry, formerly Company G, are requested to meet at 8 o'clock tonight in the rooms of the Chamber of Commerce to meet Capt. T. B. Cochran and Lieuts. W. W. Demaine and H. Noel Garner to make arrangements for a suitable Welcome Home for the returning soldiers from this city, many of whom are returning from overseas with signal honors.

To All Members of the Baraca Class

Mr. N. L. Williamson, teacher of the Baraca Class, will tender to the members and to the boys of the class who have been in service over there and have return home lately a banquet and entertainment to be held in the lecture room of the First Baptist Church, Tuesday, May 27, 1919, at 8 p. m.

The teacher is desirous of making this a great welcome to the members who have been in military service. Therefore all members are urgently requested to be present at this reception and your attendance will be appreciated by the teacher.

15,000 PERSONS KILLED IN JAVA

Earthquake Destroys 20 Villages on Island in Dutch East Indies

17 OTHERS SUFFER

Eruption of Kloct Volcano Causes Great Devastation—Island Has 30,000,000 Population.

London, May 26.—Fifteen thousand persons were killed and twenty villages were completely wiped out by an eruption of the volcano Kloct on the Island of Java in the Dutch East Indies, sair a dispatch from Amsterdam today. Seventeen more villages were partially destroyed.

The Island of Java, with a population of about 30,000,000 has frequently been visited by disastrous eruptions, there being numerous active and extinct volcanoes in its mountain chains. The best known volcanoes on the island are Tengger and Galunggung. In Galunggung's eruption in 1882 many thousands lost their lives.

There are about 65,000 Europeans on the islands. The casualties from this latest disaster probably were largely among the natives inhabiting mountain villages.

The London reports indicate that this latest disaster may rival the ones caused by the eruption of Mont Pelee, which destroyed St. Pierre, Martinique, with a death list of 30,000, on May 8, 1902, and the volcanic earthquake which virtually wiped Messina off the map on December 28, 1908.

street with their cables and will remove all present poles and take care of new poles on that side of the street. The Alexandria County Lighting Company will reconstruct their line on the South side of King street and will do away with all unnecessary wires and this company will take care of new line of poles on the south side of King street.

The Committee feels that a great step was made yesterday afternoon toward the establishment of an up-to-date street lighting system and hope that this improvement will soon be a reality.

The present plan calls for a white way from Fairfax to Henry streets a distance of eight squares, but the committee is unanimous in their desire to extend the white way system throughout the rest of the business district as soon as this part of the work is accomplished.

over the prow of the ship after which she glided into the river. Mrs. Livingstone was the cynosure of all eyes. She was becomingly attired in a suit of blue with hat to match and carried a huge boquet of American beauty roses. She graciously posed for the movie and camera men, many of whom obtained excellent snaps of the affairs.

On the special platform from which the Betsy Bell was christened were a number of prominent officials and their wives, including Congressmen, representatives from the U. S. Shipping Board, members of the diplomatic corps and a host of others.

The bottle of champagne was wrapped in silk, red, white and blue, ribbon from which was attached streamers of ribbon of similar color.

Several hundred specially invited guests following the launching were guests of the company at an elaborate buffet luncheon which was served in the administration building. There was no speechmaking.

As heretofore stated the next ship to be launched will be the Vanada Which is scheduled to leave the ways at the shipyard, June 14. The maiden trial trip of the Gunston Hall, launched February 27, is stated to take place tomorrow.

plished by the allies now in council at Paris, should first go forth from Jerusalem now happily delivered from the oppression rule of the Turks by the wonderful victory of General Allenby a year ago last December. Both these resolutions were cabled to President Wilson at Versailles.

The rest of the evening session was taken up with the report of council committees among these the report on the proposed revision of the Book of Common Prayer by the Rev. Dr. E. L. Goodwin. While advocating all changes which will allow more flexibility in the services and tend to shorten many of them it stands true to the great doctrinal position of the reformation as re-afformed by the American Church in the year 1789 when its own prayer was established for the first time. The Rev. Dr. E. L. Woodward was elected as the fourth clerical alternate delegate to General Convention at the morning session.

On Thursday night a fine address was delivered by the Rev. W. H. Milton, D. D., of Wilmington, N. C., on the nation-wide campaign of the Episcopal Church to adopt its work and life to the wider visions of the universal church in reclining the actual kingdom of Christ upon earth. Dr. Milton's presentation of this subject was admirable, and it was plainly evident that he large congregation in attendance was deeply interested in it.

Nothing but reports of committees and routine business was transacted on Friday morning. The council adjourned on Friday morning with the usual closing religious exercises by the Bishop at noon to meet in Harrisonburg next spring.

The meeting of the council was wel lattended, a fine spirit of harmony prevailed, and under the excellent presidency of Bishop Brown much business was transacted with efficiency and without loss of time while full opportunity was given for debate.

The city of Winchester is a delightful place for the meeting of the council, both for the cordial hospitality of its people, and its interesting surroundings. The only thing that detracted from the full enjoyment of the latter was the continuous rain, but other parts of the contruy endured the same evenhanded distribution of this gift of nature.

THE BAPTIST PROGRAM

Rev. Dr. Jackson Brings Echoes of Big Convention

At the morning service of the First Baptist Church yesterday, Rev. Dr. E. B. Jackson, the pastor, gave a report of the recent convention at Atlanta. Over four thousand delegates were present.

The five year program to raise seventy-five million dolars, was the central fact emphasized. This great sum is to be used for missions and christian education chiefly. All of the great denominational agencies are reported as now free of debt. A movement to establish Baptist hospitals in every Southern State will soon attain success. A five milion dollar fund will be provided for aged ministers.

Tenancy Case Decision Given

(Continued from Page One)

and the tenancy will continue to exist as long as the required notice to quit is not given by either of the parties.

"The question frequently arises in case of periodical tenancies embraced in the general classifications of tenancies from year to year, as to the length of the recurring periods of the tenancy, that is, whether the tenancy is from one year to another, or for lessor periods, such as from month to month, and the like; the controlling element in determining this question is the nature of the rent reserved or paid. If a yearly rent is reserved or paid, it is then generally considered as a tenancy from year to year, even though the payments are made in installments such as quarterly or monthly; if, however, the rent is not a yearly rent, but is for a lesser period, such as a monthly rent, then the tenancy is deemed to be from month to month, irrespective of the length of time it may in fact exist. Thus, in case of an indefinite lease for a monthly rent, nothing being said about a year, the tenancy is one from month to month, though the lessee may remain in possession and pay rent for more than a year, so in case of a periodical tenancy arising from a holding over, if the rent paid is a monthly rent, a tenancy from month to month is created." (Ruling Case Law. Vol. 16, Sec. 95, page 616).

"A tenancy from month to month will generally arise where no definite term of letting is specified by the parties and the rent is payable monthly. So a lease at will with the rent payable in monthly instalments becomes a tenancy from month to month. Such a tenancy also arises where the tenant was to have the premises as long as he paid the rent thereon, which was in terms payable monthly, and the landlord was to have the premises whenever he wanted them. So, where a tenant for a term paid a month's rent and took a receipt for the same commencing at the expiration of the old term, the new tenancy was from month to month and it was not a renewal of the expired term. An express provision in the lease that the tenancy may be determinable on a notice of a month or thirty days may sometimes determine the length of the term of a letting, as, for instance, a parol agreement made before the expiration of a lease under seal for the occupation of the premises after the expiration of the lease until terminated by thirty days notice, converts the lease into a tenacy from month to month. A tenancy from month to month is created where the term of letting is for one month only and is to expire at noon on the first day of the following month, and the tenant holds over. The tenant is thereafter a tenant from month to month. And an entry into possession under a verbal letting with an agreement to pay rent by the month, which is void under the statute of frauds becomes a tenancy from month to month and if the term is not fixed in a parol letting, but a monthly rent is reserved, a tenancy from month to month and not from year to year usually arises. A tenant who occupied the premises under a lease which is void because the element of mutuality is lacking is a tenant from month to month where he has an option to terminate then lease by a month's notice. And this presumption or construction is very materially strengthened by the fact that the tenant is to pay rent only for the period he actually occupies the premises. where a tenant for a term of years has option to continue in possession as a tenant by the month at the expiration of his term, the tenant holding over at once becomes a tenant from month to month. The fact that rent is payable quarterly, and that the tenant gives security to pay one quarter's rent in advance, is conclusive that the tenancy is a quarterly tenancy and not a tenancy from year to year. Underhill on Londlord and Tenant, Sec. 105.)

"Where a tenant is in possession under a lease for an indefinite term, or under a general permission to occupy, and pays a periodical rent, a periodical tenancy is thereby created, the length of the recurring periods of which is to be determinated by the character of the payments." 18 Amer, and Eng. Enc. of Law, 193, bb; citing England, Missouri, New York, Illinois, Minnesota, New Jersey and Pennsylvania.

"To constitute a tenancy from month to month a special agreement to that effect may be made, or the tenancy may be implied from the manner in which the rent is paid. Thus a lease for an indefinite term, with monthly rent reserved, creates a tenancy from month to month." 24 Cyc. 1034, B2; citing Louisiana, Minnesota, New York, Ohio, Pennsylvania, Washington and Canada.

"Estates for years embrace all terms limited to endure for a definite and ascertained period, however short or long this period may be." 24 Cys. 958.

The notice whereby tenancies from year to year are terminated is regulated by statute in Virginia, which provides as follows.

"A tenancy from year to year may be terminated by either party giving notice in writing prior to the end of any year, for three months if it be of land within, and for six months if of land without a city or town, of his intention to terminate the same. When such notice is to the tenant, it may be served upon him or upon any one holding under him the leased premises or any part thereof. Where it is by the tenant, it may be served upon any one who at the time owns the premises in while or in part, or the agent of such owner; or according to the common law. This section shall not apply where, by special agreement, no notice is to be given, nor shall notice be necessary from a tenant whose term is to end at a certain time." (Minor on Real Property Sec. 391).

"In case of a tenancy from quarter to quarter, month to month, etc., neither the common law nor statutory period of notice is applicable, but the principle is the same and there must still be notice to quit, the period of the notice being in general measured by the length of the term, as a quarter's notice for tenancies from quarted to quarter, a month's notice for tenancies from month to month, etc." (Minor on Real Property Sec. 391.)

"Where notice to quit has been given, it may be waived by the party giving the notice, in which case the situation will remain as if no notice had ever been given. Such waiver may be either express or implied. On the lessor's part, it may be implied (1) from a subsequent acceptance of rent from the tenant, or (2) a distress or action instituted by him for rent accruing subsequently to the expiration of the notice, or (3) from the subsequent giving of a new notice to take effect at a later period than the first. On the lessee's part, notice to quit given by him, may be waived (1) by paying rent subsequently, or (2) by giving a new notice.

But the acceptance by the lessor, after notice, of rent due at the time of notice, does not alter the effect of the notice given. Nor, it is said, is the mere demand by the ressor of rent accruing after the expiration of the notice, of itself a waiver of the notice." (Minor on Real Property Sec. 392.)

A tenant from month to month does not become a tenant by the year by than a year. The character of the tenancy remains unchanged. 24 Cys. 1934 g.

"A tenancy from month to month may be created by holding over. Thus a tenant under a lease for one month who holds over with the consent of his landlord and pays rent thereby creates a tenancy from month to month which can only be terminated one month's notice to quit. And a lease of premises for a certain term at a monthly rental, under which the tenant holds over for several months without a new agreement, paying the same rent constitutes such tenant a tenant from month to month." (Under hill on Landlor and Tenant., Sec. 106.)

"If the parties have not expressly agreed upon any other term, the presumption is that the holding over is to be on the terms of the original lease." (Tiedeman on Real Property Sec. 225).

"Where a landlord allows a tenant for a term of years to hold over after the expiration of his term, without any new agreement, he becomes a tenant from year to year, and the law presumes the holding to be upon the term of the former lease so far as they are appliicable to his new situations." Pierce v. Grice 92 Va. 763, and cases cited, page 767.

It has been seen above that every general letting, under conditions as stated, is a tenancy from year to year and this is true if the period of time is from quarter to quarter or month to month, so if the rental is from month to month and the tenant holds over, the rental continues to be a rental from month to month upon the terms and conditions of the original lease, for al lrentals from month to month or quarter to quarter are estates from year to year.

"It is a general rule controlling estates from year to year that the tenant holding over under a prior lease, after becoming a tenant from year to year, continues to enjoy the benefit and to bear the burden of all the stipulations contained in the original lease, not inconsistent with the new tenancy by which he holds. (Minor on Real Property Sec. 390.)

A proll letting for a monthly rent, nothing being said about a year, is a lease from month to month, and by holding over more than twelve months the rental continues to be a rental from month to month. (Hollis V. Burns, 100 Pa. St., 206, 45 Am. Rep. 379.)

When a landlord suffers his tenant to remain in possession after the expiration of the original tenancy, the law presumes the holding to be upon the terms of the original demise. (Voss v. King 18 S. E. 762.) (38 W. Va. 607.)

BOMBING BERLIN POSSIBLE

Generals Liggett And Robertson Confer on Means of Coercing The Enemy

Coblenz, May 26.—Bombing of Berlin and other German cities may be resorted to in order to bring the Germans to terms should they refuse to sign the peace treaty, it was indicated here yesterday, when General Robertson and General Liggett conferred over preparations for resumption of hostilities against the enemy. The subject was discussed at length, but no definite decision reached, it was learned.

Versailles, May 26.—The remainder of the German delegation has returned to Versailles from Spa, it was announced yesterday. Foreign Minister Brockdorff-Rantzau, head of the eGrman delegation, has sent his thirteenth note to Paris.

The first alteration in the treaty demanded by the Germans, is that in case Germany does not make a gold payment on the reparations demanded within a year after a plebiscite has been taken a commission, acting under authority and instructions from the League of Nations, shall take necessary action to liquidate the debt by taking over the mines in the Saar valley.

Berlin, May 26.—The German delegation, which has reached Spa, has stated officially that every effort will be made to present to the Allies in the counter-proposals terms which will meet with their approval and which will result in an early signing of the treaty of peace.

"Germany is going the limit in order to secure for herself and the Allies terms which will be suitable to both and which can be signed immediately," the delegates stated. "Our counter-proposals will be as moderate as possible."

Paris, May 26.—The Allied reply to the German peace delegations counter proposals will be ready by June 7, it was reported by the Echo de Paris yesterday. According to their information, the Germans will be given three days from date in which to sign the treaty.

EX- EMPEROR THREATENED

Charles, of Austria, Virtual Prisoner In Swiss Chateau.

Geneva, May, 26.—Former Emperor Charles of Austria is receiving so many threatening letters from Vienna demanding his immediate official abdication, which he has thus far refused, that the Swiss authorities at the Chateau Prangins, near Geneva, have doubled the guard, fearing an attack upon him.

Nobody is permitted to enter the park of the Chateau without permission from Charles' secretary, and tradesmen are obliged to deposit goods at the lodge. No member of the former reigning family of Austria has yet left the chateau but Charles is in constant correspondence with political friends in Vienna.

AUDIENCE IN PANIC

Before Big Crowd Lion Trainer Wins Battle for Life.

Bristol, Pa., May 26.—While several hundred persons screamed in terror, John Martin, a wild animal trainer, battled for his life with an infuriated lion in a steel cage in which the animals were being put through an exhibition at a carnival. Martin, through remarkable coolness, finall yescaped, after every stitch of his clothing had been torn off.

One of a group of six lions which Martin puts through an exhibition had been sulky for several days. Saturday evening, while the trainer's attention was momentarily attracted elsewhere, it sprang upon him from the rear, beating him to the floor of the cage and clawing at his face and shoulders.

In the close embrace, the trainer could not use his whip, but finally managed to draw his pistol, which contained only blanks, and fired several shots close to the lion's face. For a moment it released its clutch and the trainer managed to free himself and get out of the cage. He suffered from a number of cuts, none of which is serious.

BONANZA IN STRAWBERRIES.

Virginia Farmers Receiving From $250 to $400 a Day For Crops

Onamock, Va., May. 26.—Farmers who have strawberries in any quantity will meet their expenses for the year by their sales, making whatever is realized in the after-crops clear money. At Onley Wednesday the Produce Exchange paid out $29,000 for berries. The sales since then have been even larger. The cash receipts of several farmers in this vicinity were from $1,000 to $1,500 or at least four days this week. The shipments will continue throughout the coming week. Prices varied this week from $7.50 to $10.

Crops have never looked better on the Shore. The promise of a good Irish potato crop is excellent, but the acreage is not over half what it has been for three years. The sweet potato acreage is much larger. Cabbage is bringing $4 a crate; peas, $6 a basket.

WELCOME BLUE AND GRAY

F. R. Bin, Baltimore Sun

Why does the world seem brighter just now
Than it has in many a day
And why does there seem to be joy everywhere
And cares seem all thrown away?
And why do our steps seem lighter than air
And our laughter more joyous and gay?
It's because we're expecting wonderful guests,
The Boys of the Blue and Gray.

My! you've been gone an awful long time,
But we've been with you every day,
Every battle and hardship you've had to endure,
Has been equally as hard to us, I am sure.
But that is all over, and now that you're here,
Let's forget it all in a way,
And think of nothing but welcoming you,
Boys of the Blue and Gray.

There's nothing you've done that we'll ever forget,
And that's more than the tongue can tell,
Your deeds of valor and courage true,
Will live, we know, the ages through.
So we will hang our flags that they float higher.
And array ourselves in our best attire
For we want everything to be joy-our and Gay
In welcoming home the Blue and Gray

REVENUE COLLECTER SLAIN

Battle on Virginia-Kentucky Border Results in Two of Posse Being Injured.

Whitesburg, Ky., May 26.—A. P. Hurt, internal revenue, was shot and killed and two members of his posse were wounded, near Pond Gap, on the Virginia- Kentucky border, early yesterday, while attempting to arrest twelve mountaineers accused of evading the selective service law. A trail of blood left in the wake of the fleeing mountain men indicated that one or more of them had been wounded.

Previous attempts of the authorities to arrest the alleged draft evaders had failed and Hurt, it was said was detached from the revenue service in Virginia and assigned to the task with five assistants. The party, while pursuing its way through the mountains, stumbled upon the men they sought and at a distance of thirty feet was swept with a fusillade of bullet. Hurt and two of his men fell. The remaining three men returned the fire and the mountaineers fled.

DASHES DOWN TO DEATH

Atlantic City, May 26.—Aviator Beryl Kendrick, pioneer in passenger carrying along the beach, and James Bew, wealthy young realtor, were instantly killed at 6.28 o'clock Saturday night when a seaplane in which Kendrick had been domg stunts over the crowds at the air port collapsed while going into a bank 500 feet over Absecon Inlet and crashed upon a sandbar 80 0yards across the Inlet channel. When Orten Hoover, a Curtiss pilot, who witnessed the tragedy from the Curtiss flying station, pushed across the channel in a seaplane to their assistance he found them both dead in the wreckage. They were crushed almost beyond recognition by the weight of the 90-horsepower motor above their heads and the weight of the fuselage when the machine struck bottom side up on the bar. It was half and hour later before the mangled bodies could be extricated.

POLES CAPTURE LUTSK

London, May 26.—Polish troops have captured the important town of Lutsk, in Volhynia, northeast of Lemberg from the Ukrainians, a dispatch from Berlin says. The Poles also took 2000 prisoners and a large number of guns.

For Skin Tortures

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at $1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

Never put a croupy child to bed without giving a dose of

FOLEY'S HONEY AND TAR

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases difficult breathing, gives quiet sleep.

Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a severe attack of croup."

Mrs. Chas. Reitz, Allen's Mills, Pa., writes:—"I have used Foley's Honey and Tar for the past eleven years, and would not be without it. It has saved me many a doctor's bill for colds and croup."

COAL. LUMBER AND BUILDING MATERIALS

Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL, AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

BLAKE DIES IN FALL

High Diver Meets Fatal Accident, Camp Lee Negotiations Come to Conclusion.

Petersburg, Va., May 26.—Lawrence Blake, knew nas "Dare-Devil Blake," the high diver, was dashed to his death Friday night between 10 and 11 o'clock on the carnival company's grounds, just outside the city.

He was playing with the company, and was in the act of giving an exhibition of high diving from the top of a 100-foot ladder to a net near the ground. He ascended the ladder to the lively music of the band and the hushed interest of the crowd of spectators. When he reached the top, it was seen that he had trouble. The top round of the ladder gave way, and, failing to sustain himself, he was pitched to the ground. The people who witnessed the scene were horrified, and for a moment hardly realized what had happened. When some of the cooler heads went to his asssitance, the unfortunate man was found breathing and unconscious. He was rushed to the hospital, dying soon after reaching there. Blake was twenty-seven years old, and was married. His home was in Baltimore, where the body will be sent.

He had been diving for seven years, without an accident until Friday night. He had been exhibiting with a carnival company here about a week. His skull was badly fractured by the fall.

OHIO JOINS DRY STATES

Only 163 Out of 5,600 Saloons in State Stay pen Tomorrow

Columbus, Ohio, May 26.—Ohio last night threw her hat into the Prohibition ring. Although constitutional Prohibition does not become effective until next Tuesday, all but 163 of the 5,600 saloons in the State quit business last night at midnight rather than pay the $305 license in order to keep open next Monday for the one day.

Every wet center in the State gave "farewell" parties to John Barleycorn. Some few saloons closed their doors early rather than attempt to weather the closing festivities.

All bars did a rushing business, and as the closing hour of midnight drew near some auctioned off their remaining stock of wet goods. The "end" found many bars completely sold out. Few saloons closed with full stocks. Prevailing high prices did not tumble, if at all, until near the midnight hour.

SLAYER SHOT BY BROTHER

North Carolinian Kills T. J. Elliott And is Wounded by Victims Relative

Asheville, N. C., May 26.—Tony Johnson was shot and instantly killed Saturday afternoon at Graphiteville, near this city, by T. J. Elliott, one bullet entering the mouth and the other penetrating the heart.

Immediately afterward Johnson's brother shot and wounded Elliott with a shotgun. No reason is assigned for the first shooting.

PRODUCTION OF WAR BEER

New York Judge Grants Injunction Restraining Government From Interference

New York, May 26.—Uninterrupted production of "war beer" until the courts have passed upon the claim of the United States Brewers' Association that the beverage, containing 2 3-4 per cent alcohol is non-intoxicating, was assured yesterday, when Federal Judge Mayer granted an injunction restraining government interference with its manufacture.

The court declared that his decision had been influenced by President Wilson's message to Congress recommending repeal of the war time prohibition act insofar as it relates to beer and wine, and by Federal Judge A. N. Hand's ruling last week that the law placed a ban on the manufacture only of liquors that were, in fact, intoxicating.

FOLLOWS VIRGINIA LAW

Sheppard Introduces Measure for Prohibition Enforcement, Providing Commissioner of Prohibition

Washington, May 26.—Measures for enforcement of prohibition, both under the war-time prohibition act and the constitutional amendment, were proposed in a bill introduced yesterday by Senator Sheppard, Democrat, of Texas, author of the war-time measures.

A separate commissioner of prohibition, with a force of assistants, is proposed in the bill, which is understood to have the approval of the Anti Saloon League of America. With respect to provisions for search and seizure of intoxicants, the measure is similar to that introduced at the last session.

DISASTER ON THE BAY

Steamer Virginia Burns to the Water's Edge Near Smith's Point

Norfolk, Va., May 26.—Old Bay Line Virginia, carrying passengers and freight from Baltimore to Norfolk, was burned off Smith's Point, near the mouth of the Potomac, about one o'clock Saturday morning. Officials here and at Baltimore declare they have been able to account for all passengers of the steamer.

Loss of the passenger list made cheking up difficult, but officials held out the hope that the loss of life would not be more than three.

A checking up showed ten of the 156 passengers missing, but officials declared sever of these had been accounted for.

All the firemen, three of whom were reported lost, are reported at Baltimore, except one man who was landed here, officials of the line said.

Alfred Coleman, colored stevedore, arrested and charged with firing the boat, will be arraigned today.

Others of the crew said Coleman acted queerly just before the fire, refused to help fight it and repeatedly made attempts to hinder others attempting to do so.

In the hands of a group of Eastern Shore fishermen, who refused to surrender their prize, the charred hull of the Virginia was found in the mouth of the Wicomico river yesterday afternoon by a tug sent by Federal Manager Key Compton.

The fishermen had gotten the hull across the bay and were mooring it near the Wicomico's mouth. The tug master had orders to bring the hull to Baltimore, but the fishermen wouldn't let the tug crew touch their price. They claimed the hull as salvage.

As the wreck was too hot to allow the attachment of lines, the tug proceeded to Newport News and the master reported the action of the fishermen to Mr. Compton over the long distance telephone. Mr. Compton immediately instructed the legal authorities of the Federal steamship management at Norfolk to have drawn up the proper legal papers to secure the hull. It is probable that the fishermen will fight the action.

SPECIAL NOTICE

To The Stockholders of The District of Columbia Paper Manufacturing Company.

Notice is hereby given that, by resolution of the Board of Directors, a special meeting of the stockholders of the District of Columbia Paper Manufacturing Company has been called, said stockholders' meeting to take place at the office of the Company, 111 South Fairfax Street, Alexandria, Virginia, on Tuesday, June 3, 1919, at 11:00 o'clock A. M., for the purpose of considering and voting upon resolutions adopted by the Board of Directors and recommended to the stockholders, whereby it is proposed to amend the Charter of the Company, so as to increase the capital stock of the Company from $300,000, to $700,000; to divide the same into classes of common and preferred, of which the outstanding shares and $100,000 additional are to be common and $300,000 of the increase to be preferred; to fix the terms and conditions of said preferred stock and the conditions of its sale and of the sale of the additional common stock, and of the disposition of the bonds authorized to be issued under the Company's Bond Mortgage dated April 2, 1917. All stockholders of record are entitled to be present and to vote, in person or by proxy. By order of the Board of Directors.

TO THE VOTERS OF THE CITY OF ALEXANDRIA

The City Democratic Committee urgently requests all citizens who have the right of suffrage to cast their ballots on Tuesday, May 27, 1919, for the Hon. R. Walton Moore, of Fairfax County, for the Congress of the United States.

He is the nominee of the Democratic Party, and should receive the cordial support of all loyal democrats. A better equipped candidate could not have been selected for the standard bearer of the party. His brilliant mental attainments and lofty traits of character pre-eminently qualify him for the position. If elected, he will discharge his official duties with singular ability, and his constituents will have a representative of whom they can feel justly proud. In order to maintain the present state of prosperity prevalent in the city and district, it is of the utmost importance that the people should have a representative in the National Congress whose capabilities will command influence and respect. It will be impossible to accomplish his defeat if those who have the right of suffrage perform this important civic duty.

Respectfully,
City Democratic Committee,

Stimulate Retail Sales
ADVERTISE
U. S. Department of Labor

Never before has the American public had the money to spend which it has today.

The merchant or manufacturer who sits back and waits for this money to come to him without making any effort to get it will awaken when it is too late. He will then realize that his more aggressive competitor has been on the job and has taken advantage of the strongest sales weapon known to industry, namely, advertising.

Don't wait for things to come your way without doing anything to help them along.

Advertise—increase your advertising. use the newspapers to tell your story. Multiply the value of your sales talk a thousand fold and more. Develop that great potential market which is ready and willing—yes eager to buy the things you have to sell but does not know that you have them.

To stimulate business surely, quickly, and economically—Advertise now.

GRAND THEATER

Beautiful Pauline Frederick is to be seen in her latest Paramount photoplay, "Madame Jealousy" at the Grand Theatre tonight. "Madame Jealousy" was written by George V. Hoart, author of "Experience," "Every Wife," and other allegorical plays, and was directed by Robert Vignola. In it Miss Frederick portrays brooding "Jealousy" and symbolically carries out her part in breaking up a love affair between two young people, Charm and Valor. Valor is played by handsome Thomas Meighan who has often appeared with Miss Frederick, notably in "Saphi," "The Love That Lives," and others as well known.

Also Wm. Duncan in the "Man of Might."

LEAPS TO DEATH

Mail Air Pilot Seen by Hundreds in Plunge of 200 Feet

Cleveland, May 26.—Hundreds of persons saw Frank McCcusker, of New York, pilot of a mail airplane, leap 200 feet to his death from a burning machine here yesterday. Fifteen minutes before he had announced that he would attempt to establish a record on his flight to Chicago.

The cause of the accident is not known. Witnesses saw puffs of black smoke come from the rear of the Dehaviland. When the machine was at a height of between 300 and 400 feet McCucker was seen to climb from his seat to the frame. Then the airplane plunged and he pilot was seen to leap. The empty machine flew forward 200 yards before it plunged to the ground.

McCusker was alive when picked up. He died in a police patrol while being taken to a hospital. His skull was fractured and his neck broken.

McCusker was formerly in the British naval flying corps, inspector of Dehaviland airplanes at Elizabeth, N. J., and instructor at the United States aviation field in Texas. His is said to be the first fatality since the inauguration of the government airplane service.

ARMISTICE DENIED

Kolchak Refuses to Answer Soviet Leader's Request.

Helsingfors, Finland, May 26.—Lenine's request for an armistice with Admiral Kolchaks forces, operating successfully against the Bolsheviski west of the Ural mountains, has been denied. Kolchak even refused to answer the Soviet leader's note.

Anti-Bolsheviki forces are meeting with great success in various parts of Russia. Reports indicate a general disintegration of red forces. Lenine's apparent inability to check the Kolchak advance in the Ural section and the defeat of the Soviet troops at Peterhof, at the hands of the Estonians and British, is regarded as signicant.

American troops in the Murmansk are playing an important part in the allied advance.

The Russians are destroying railroads and bridges in their retreat, by American engineers. Artillery continued active on the Archangel front and occasional raids are launched. Americans in considerable numbers are also fighting on the Voga and Dvina sectors.

Unofficial advices report that Petrograd is threatened by the Finns advancing along the Gulf of Finland.

Budapest, May 26.—In a subterranean hiding place of the castle of Prince Lonyay, the Bolshevist authorities have fund forty sealed boxes, containing millions of dollars worth of silverware and other valuables.

These have been inventoried and sent to Budapest for public auction.

Man Burned to Death in Barn And Woman at Window Struck

York, Pa., May 26.—A man and a woman were victims of lightning bolts in an electrical storm in York county Thursday night. Near Paddletown, Deneville, Pfeiffer, 84 years old, was in his barn when lightning struck and set fire to the structure. He ran out with his clothing ablaze and was seriously burned before his daughter, who witnessed his plight, could assist him to tear away the blazing garment. Five head of cattle and three hogs perished in the destruction of the barn.

Mrs. Gertrude Courdewoy, of Fort Wayne, Ind., visiting at the home of her cousin, Harvey Spangler, near Roundtown, was hit by a bolt while in the act of lowering a window. Her skirts weer torn to shreds and her left leg was badly burned, the shoe being torn from her left foot.

JEALOUS, KILLS WIFE

Former Norfolk Policeman Takes Poison When Police Arrive

Norfolk, Va., May 26.—In a fit of jealousy H. J. Smith, 35 years old, a former policeman murdered his wife, Beulah Smith, yesterday morning. The murder was not discovered until shortly before noon, when Smith attempted to end his own life by swallowing bichloride of mercury tablets.

The murder was one of the most cold-blooded the police have seen in years. With the blunt blade of a cold chisel the husband stabbed her several times near the base of the brain, evidently severing the spinal column.

Five hours later the police found Smith lying calmly on the bed beside the woman he had murdered. As Detectives Doxey, Pettis, Fleet and Sergeant Debnam broke open the door of Smith's room, which the man had locked on the inside, the husband asked them what they wanted, then quietly got up and put two bichloride tablets in his mouth, swallowing them before the officers could stop him. He then told them the story of how he killed his wife because she had persisted in permitting Antonio Poltonus, an Italian, known as "Red" to pay her attentions.

GUARD TOLEDO

500 Discharged "Doughboys" Ready to Aid When Plants Resume

Toledo, May 26.—Mayor Schreiber today deputized 500 discharged soldiers as special policemen to assist the regular department in preserving law and service here today, should there be trouble when the Overland Automobile Company and three allied plants resume operations after three weeks inactivity following a labor dispute involving 15,000 men and women.

A hundred horses and a like number of motorcycles have been supplied the former soldiers. The men will wear khaki uniforms, carry automatic pistols and wear regulation police shields.

HAWKER AND GRIEVE SAFE

British Aviators Picked up at Sea 800 Miles From Coast of Ireland

London, May 26.—Harry G. Hawker and Lieut. Com. Mackenzie Grieve, who for several days had been given up for dead, have been rescued.

The two aviators were picked up in mid-Atlantic Monday afternoon by the Danish steamship Mary, bound from Norfolk to Aalborg.

The two airmen have been transferred from the Mary to the British battleship Revenge and are to spend the night in Scapa Flow, the Orkneys, as the guests of Admiral Fremantle. Today they will be put ashore at Thurso, where they will board a train for London.

Neither Hawker nor Grieve would discuss their remarkable experience and almost miraculous escape from death.

The Mary reported that she had picked up the two fliers Monday in latitude 50.20 north; longitude 29.30 west, approximately and the coast of Ireland, for which they headed after leaving St. Johns at 6 o'clock last Sunday evening.

The airplane had been forced to descend close to the steamer because of stoppage of circulation in the water pipe leading to the radiator. The steamer happened along in the nick of time, because the plane could not have lived long in the turbulent sea, and the new boat contrivance would have been of little avail.

The airplane was abandoned. Both men are reported to be in perfect health.

SWISS SHY AT HINDENBURG

Reluctant to Grant Him Permission to Live in That Country

Geneva, May 26.—Field Marshal von Hindenburg has formally appealed to the Swiss Government asking permission to live in Switzerland as a simple citizen. The Field Marshal, who recently bought a villa on the shores of Lake Constance, added that he had had only 14 days' holiday since the war began.

The Swiss authorities are somewhat embarrassed, as it is known that von Hindenburg is a monarchist and also an intriguer and may use this neutral country as a nucleus for further intrigues. It is learned, however, that when sufficient guarantees are given permission for his residence will be granted. In the meantime, the Germans continue their anti-Allied propaganda in Switzerland.

PICNIC PARTY IN TRAGEDY

Three Are Killed When Automobile Load of People is Struck by Freight Train

Birmingham, Ala., May 26.—Three persons were killed instantly near here early Saturday when an automobile truck loaded with persons going to a picnic was struck by a freight train. Nearly a score of the occupants of the truck were injured.
